

Satan's Strongholds Rob You of Your God-Given Destiny But standing firm in your faith will lead you to conquer giants

LONGWOOD, FL—In the Old Testament, three specific “giants”—the Hittites, the Amorites, and the Canaanites—served as a foil to God’s chosen people, the Israelites. Things haven’t changed much since then. In ***Conquering Giants in Modern Times: Inheriting Our Land of Promise*** (\$13.99, paperback, 978-1-60477-308-8), [click here to order](#). Dr. Darren Maracin reveals the role and nature of these giants and how the demonic forces behind them still operate today to prevent the New Testament believer from gaining his or her inheritance in Christ. The book will help believers in Christ to biblically identify, expose, and overcome three major areas which Satan uses as strongholds to rob him or her of their God-given inheritance and destiny in Christ.

Says Maracin, “The book gives readers a fresh and relevant understanding of the challenges God’s people had in the past, how He delivered them, and some very practical ‘how-to’ guidelines to applying the moral principles of the stories of Scripture to daily life. The book makes it easier to understand the will of God, and how Christians are to stand firm in their faith in the modern day.”

As a husband, father, pastor, and founder of the Darren Maracin Evangelistic Association, Inc., the author shares in-depth about his own life’s experiences. From a shattered childhood that brought him to the brink of suicide at age 21, Maracin knows first-hand about God’s amazing love and grace, while learning how to conquer giants too. The author’s life-story has appeared on the 700 Club Television Broadcast, and it continues to be an inspiration to thousands of people around the world as he ministers God’s healing power.
